All donations are greatly appreciated!

Because of you...

We just wanted to fill you in on some of the things that donations from you, our Alumni, have allowed us to do. Because of you:

- We were able to purchase enough Chrome Books so that each student could have their own and a pledge to purchase more as needed so we can continue to be 1:1.
- We will be putting new carpet in 4 of our classrooms.
- We were able to purchase the Masonic Temple Building that is next to the playground.
- Alumni Donations to the Capital Campaign Drive allowed us to redo the roof of the school and purchase the other half of the preschool building.
- Alumni Donations helped us meet our MLTF goal which helps provide tuition assistance so that students can receive a quality Catholic education.

Franco Hernandez works on a Chrome Book during class.

Prayer Walk-a-thon

This spring, the students participated in a prayer walk-a-thon. Each student sold wooden crosses to raise money for the school. The crosses were decorated by the students and the person who purchased the cross could name an intention to be written on the cross. These crosses were then laid out on the recreation trail by Hills Park where the students prayed for the intentions while walking the trail. It was a great way to get out and do some walking while praying.

The third grade class pauses to say a prayer for the intention written on the cross

Students at St. Patrick's sing a song thanking our volunteers and donors for their support.

Our Mission:
School, church, and home working in unity to spread God's eternal love.

About us: We are a Pre K-8 Catholic Elementary School located in Sheldon, Iowa. Our school was completed in 1956. We opened our doors to 141 students on September 4, 1956 with five sisters as the teachers and principal. We offer P.E., music, library, small group instruction, FOSS science kits, mobile table chart, computer lab, peer group activities in prayer, and weekly mass services.

Olympic Day

Our Year of Covid

This school year was a difficult one due to many health restrictions. We started out the year wearing masks, staying in pods, doing a lot of sanitizing and being quite limited in what we could do. Although a lot of things didn't loosen up until the very end of our school year, our students and staff took it all in stride and handled it very well. We were able to close out a full school year of in-person learning with our traditional Olympic Day and no masks! Thank you for all of your prayers and support as we endured a difficult year. We are thankful we were able to be in school.

Congratulations Class of 2021

This year's graduating class included Alan Martinez, Erik Reyes, Mikey Lopez, Leo Guadarama, Victor Topete. We wish this group of young men the best in their future.

Would you like to Sponsor a Student?

This year we are offering a new way to support our students. You can sponsor a student(s) by paying their tuition for the year. The minimum tuition for a student is \$600. If you are willing to help in this way, check the "Sponsor a Student" box on the alumni return form and include it with your donation. Thank you for your support!
